

An admiration for design, all things handmade and Indian Colors—are the essential elements that contributed to the foundation of Craft Boat back in 2015.

From our base in Jaipur (India), Craft
Boat engages itself as a design cum
manufacturing studio of recycled cotton
handmade paper products and sustainable
craft projects to encourage traditional
indian craftsmanship.

With a keen eye for details, aesthetic beauty and community development, we are willing to live a story and look at the process of product making by hand as a timeless celebration.

HANDMADE PAPER MAKING PROCESS

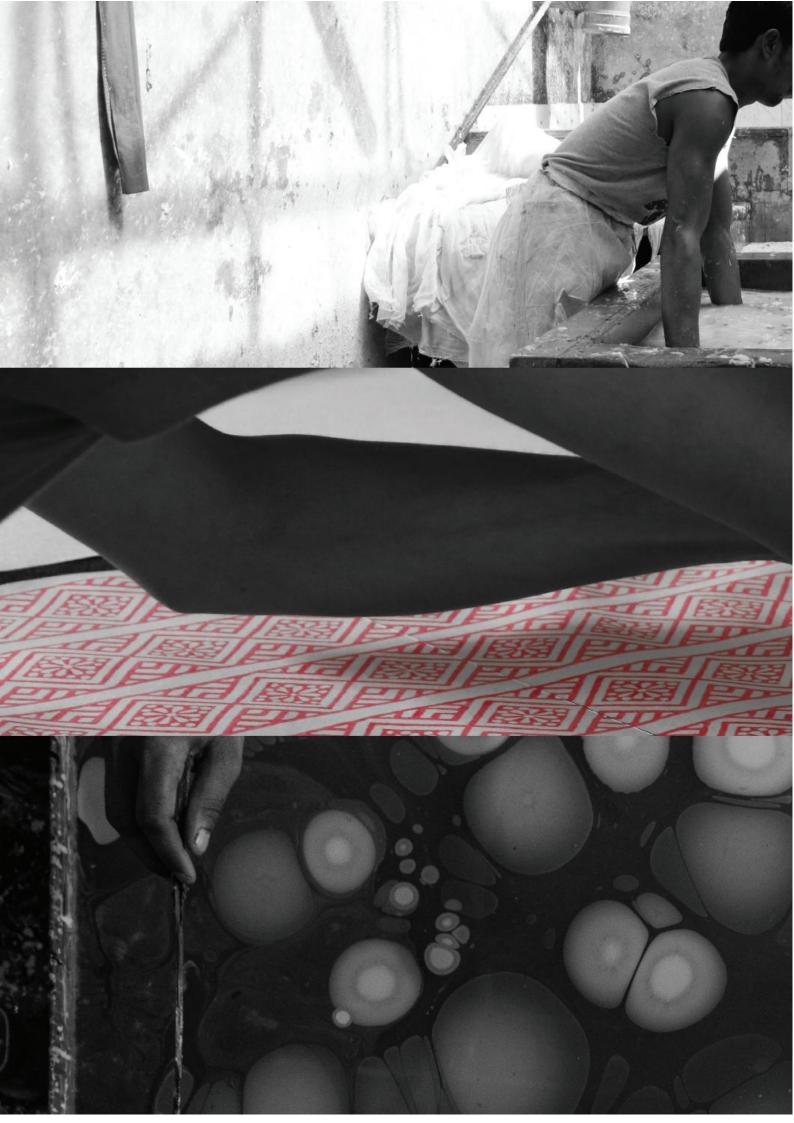

Tons of fabric remnants from garment manufacturing industies are shredded and beaten with water to turn into pulp. It is then converted to a beautiful textured paper, by hand.

All our hand block printed papers are produced in small batches and holds a traditional story from beautiful hands of the maker.

Each design is a timeless impression and involves seamless hardwork and compassion towards making the product so delicate.
